

## FG Releases Lists of Visitation Panels To Varsities

The President, Federal Republic of Nigeria, Muhammadu Buhari, GCFR, has approved the constitution of Visitation Panels to 38 Federal Universities and four Inter-University Centers. The list of the panelists was released by the National Universities Commission (NUC), by the Executive Secretary, Professor Abubakar Adamu Rasheed, MFR, FNAL, on Tuesday 11 January, 2021, via some national dailies.

The list, as approved by the President, contained some distinguished professors, technocrats, as well as seasoned civil servants, with membership drawn from all the six-geopolitical zones of the country, in line with the Federal Character guidelines.

Nine Terms of Reference (TOR) were given to the panel members, which include:

1: Examine the relationship between the institution and the various statutory bodies it interacts with, according to its law, for the purposes of supervision, planning, finance, discipline, guidance etc. Such bodies include the Governing Council, the supervising Agency and the Federal Ministry of Education as well as the Visitor

2: Examine the quality of the leadership of the institution in

regulations

4: Investigate the application of

terms of the role of the Governing Council, the Head of institution and other Principal Officers

3: Examine the financial management of the institution over the recommended period and determine whether it was in compliance with appropriate

funds, particularly the special grants and loans meant for particular projects, in order to determine the status of such projects and their relevance for further funding.

5: Examine all academic

programmes, policies and practices as well as the total academic and physical development, performance and direction of the institution and advise as to whether the desired targets have been met and how modifications may be made to achieve maximum academic productivity, excellence and service to the nation.

6: Study the general atmosphere of the institution over the period in question. In particular the general conduct and comportment of all personnel of the institution especially staff, students and managers and advice as to whether the correct training is being given and how necessary corrections may be made. This should include the relationship between the institution and the host community over the period.

7: Study in detail the management structure and performance of the institution including fiscal,

administrative, personnel and welfare policies and advise on ways

to cut costs, reduce waste and continue to develop, if necessary by adaptation, rather than expansion in the face of attenuated resources.

8: Examine the “Law” establishing the institution and consider in

what ways the law has been observed in all ramifications by the competent authorities and suggest any necessary modifications to the law in order to enable the institution achieve its objectives better.

9: Advise on any and all other aspects of the institution that you may consider should be of interest to both the Visitor and the public; and to the attainment of the objectives for which the institution was set up.

About 294 distinguished individuals made the list of the panels to visit 38 Federal Universities and four inter-university centres. The panels would be inaugurated by the Hon. Minister of Education, Malam Adamu Adamu on behalf of President Muhammad Buhari, GCFR, at a date to be announced later.

# Universities' Resumption: Semesters Must Be Observed Fully

With the directive that universities across the nation can resume by January 18, the National Universities Commission (NUC), has warned against the violation of the full cycle of the semester system consistent with the Benchmark Minimum Academic Standards (BMAS) approved by the commission.

The Executive Secretary NUC, Prof. Abubakar Rasheed gave the warning in a statement in Abuja at the weekend. He stated that the universities were further advised to adhere to other extant quality assurance standards and guidelines for a smooth and qualitative academic activities.

While noting that the lockdown imposed by the government to contain the spread of coronavirus, had forced students to remain at home, he urged the universities to partner with the government to safeguard the lives of students and staff by strictly adhering to the safety protocols and guidelines of the Nigeria Centre for Disease Control (NCDC) on COVID-19.

Prof. Rasheed noted that the guidelines were communicated on several occasions to the university authorities from the commission, adding that officers on Grade Level 12 and below were to remain at home for a five-week period as earlier directed by the federal government.

He said: “on the resumption of academic activities, universities must under no circumstance violate the full cycle of the semester system, consistent with the Benchmark Minimum

Academic Standards (BMAS) approved by the NUC, as well as other extant quality assurance standards and guidelines”.

developments will be communicated to Universities accordingly.

Executive Secretary, NUC

A circular signed by Mr. C.J. Maiyaki, Dep. ES, NUC reads “I write at the behest of the Executive Secretary to refer to our letter Ref. NUC.138.vol.63.151 and date 23 December 2020, on the above subject.

Sequel to various enquiries on the full impact of the said Circular, I am to confirm and clarify that, while Officers on Grade Level 12 and below remain at home for a period of five weeks, as earlier directed by the federal government, schools, including universities, are to re-open on the 18th of January 2021, consistent with the directive of the PRESIDENTIAL TASK FORCE (PTF) on COVID-19. Any further

safeguard lives by strictly adhering to the extant safety proposals and the Nigeria Centre for Disease Control (NCDC) guidelines, which have been communicated severally to the Nigerian University System (NUS) vide NUC's Circulars.

The circular added that, universities, on resumption of academic activities, must under no circumstance, violate the cycle of the semester system, consistent with the Benchmark Minimum Academic Standards (BMAS) approved by the National Universities Commission as well as other extant quality assurance standards and guidelines.

# JAMB Activates CAPS Portal for 2020/2021 Admission Exercise

The Registrar Joint Admission and Matriculation Board (JAMB), Prof. Ishaq Oloyede has disclosed that the Board's Central Admission Processing System (CAPS) had been activated for the 2020/2021 admission exercise.

Speaking to Newsmen in Abuja, Prof. Oloyede said that candidates could now monitor their JAMB admission status and easily know when they have been offered admission.

He also said that the Board had enabled its portal for institutions to upload names of shortlisted applicants for the 2020/2021 admission, adding that all admission processes must go through the CAPS for approval.

According to him, only qualified candidates as recommended by their institutions for admission would be approved by the board, noting that most institutions, particularly private had commenced admissions.

He added that public universities were yet to fully start the process partly because they had not concluded admissions for last year.

Prof Oloyede said "Take note also that admission is not just for universities. There are polytechnics and colleges of education and except for the closure because of COVID-19, they are not affected by the strike."

Prof. Oloyede said that once a candidate had been offered admission, he was required to

Prof. Is-haq Oloyede  
Registra, JAMB

do either of two things; to accept the admission or to reject it. "Once you accept the admission, your admission quest is over as you will no longer be available for other schools' admission consideration. On the other hand, if you reject the admission, you become available to other schools who have free admission slots for admission consideration."

He advised that candidates who were offered admission on JAMB CAPS were to print their admission letters after accepting the admission, as they would likely need this during clearance and registration in the school that they have been admitted.

"Candidates are advised to closely monitor their admission status on JAMB CAPS so as to do the needful as soon as possible."

to see if you have been offered admission. If you have been offered admission, you can proceed to ACCEPT OR REJECT ADMISSION But if you are yet to be offered admission you will get a response like "Sorry No Admission has been Given Yet", "Admission in progress" etc.

Candidates are advised to closely monitor their dashboard to know when they have been offered admission.

Successfully admitted candidates are advised to ensure that they indicate the acceptance or rejection of admission online and timely to enable the processing of their admission.

# MAUTECH Becomes MAU

## --- PMB Assents To Bill

The Chairman of the Senate Committee on Sustainable Development Goals, Senator Aishatu Dahiru Ahmed Binani, has commended President Muhammadu Buhari for signing the Modibbo Adama University bill (MAU) into law.

Binani, who initiated the bill in the 7th National Assembly, said the university could now run all approved academic programmes like any other conventional university and provide more placements for youths seeking admission into the university.

In a statement in Abuja, Senator Binani said the assent of the President was heart-warming. "It is heartwarming to note the gracious assent by Mr. President to this bill. Precisely on the 6th of January, 2021, Mr. President assented to the bill converting MAUTECH to a conventional university."

"This therefore means the university can now run all approved academic programs as any other conventional university across the country including medical and other allied sciences," she said.

On behalf of the good people of Adamawa and Taraba states, Mr. President we remain eternally grateful for this gesture. This will no doubt encourage our teeming youths seeking placements into Tertiary Institutions specifically in these difficult times.

Apart from leading in technology, the new law will make Modibbo

Adama University to be truly universal with broader courses and enhanced opportunities.

Binani gave the background of

to establish a medical school at Modibbo Adama University of Technology, Yola and to upgrade the Federal Medical Centre, Yola to a University

Senator Aishatu Dahiru Ahmed Binani

the bill and why she championed it to create opportunities for students in Adamawa, Taraba and other states in the North East.

She said: "The move I started in the 7th NASS at the House of Representatives when I represented Yola North, Yola South and Girei Federal Constituency to convert Modibbo Adama University of Technology, (MAUTECH) Yola into conventional university and run medical programs alongside other social and management sciences has finally seen the light of the day.

The motion on the urgent need

Teaching Hospital was moved before the Senate and presented by Senator Aishatu Dahiru Ahmed Binani as a Bill titled MODIBBO ADAMA UNIVERSITY.

"As a prerequisite for the passage of the bill, a well-attended Public Hearing was organized where key stakeholders actively participated and gave a resounding support for the conversion. Consequently, the Bill was finally passed by the Senate and assented by the President," she concluded.

## RE: SECOND WAVE OF COVID-19: STAY-AT-HOME DIRECTIVE TO GL 12 OFFICERS AND BELOW

I write at the behest of the Executive Secretary to inform the Vice-Chancellors of all Nigerian Universities, that the Federal Government has, vide the attached Circular HCSF/3065/Vol.1/47 and dated 22<sup>nd</sup> December, 2020, issued by the Office of the Head of the Civil Service of the Federation, directed that Officers on Grade Level 12 and below should stay at home for a period of five weeks, effective from Wednesday, 23<sup>rd</sup> December, 2020.

Vice-Chancellors are to please note that the directive is part of the measures approved by Mr. President to mitigate the second wave of Coronavirus (COVID-19) infections in the country. The affected Officers are expected to perform their duties from home while those on GL 13 and above should strictly adhere to the extant preventive measures including maintenance of physical distancing, regular washing of hands and/or sanitizing of hands, wearing of face masks and reducing the number of visitors to offices. A copy of the Circular is attached for proper guidance and for Vice-Chancellors to ensure full compliance with the directives of the Federal Government, as appropriate.

I am to add that, in line with the directives of the Presidential Task Force (PTF) on COVID-19 on Monday, 21<sup>st</sup> December, 2020, all academic activities, involving large crowds (e.g. classrooms, hostel accommodation, conferences and seminars), should be suspended whilst the Universities remain closed during this intervening period, pending further directives by the Federal Government on the reopening of schools.

As was the case in previous occasions, please accept the renewed assurances of the Executive Secretary's highest regards.

#### Organ:

The Radiocommunication Bureau (BR) is responsible for the application of the Radio Regulations and for technical and administrative support of ITU World and Regional Radiocommunication Conferences, Radiocommunication Assemblies and Study Groups. The Bureau also carries out the international regulatory processes for registration of frequency assignments and satellite orbits and assists administrations in their coordination and implementation of frequency spectrum and orbit requirements as well as in resolving cases of harmful interference. It provides the specialised technical secretariat for the work of the Radiocommunication Study Groups and the Radiocommunication Assembly in the development of recommendations for spectrum utilisation and radio system characteristics. The BR is organised into four Departments: Space Services Department, Terrestrial Services Department, Informatics, Administration and Publications Department and the Study Groups Department.

#### Organization Unit:

The Informatics, Administration and Publications Department (IAP) comprises of three Divisions: Space Applications Software (SAS), Terrestrial Applications Software (TAS) and Administration (ADM). The Department is responsible for the development and maintenance of software and related tools used by the BR as well as software adapted for national frequency management units, providing the necessary user support for the areas concerned. It carries out studies related to

policies for the technologies to be used for the information and computational systems within the BR and with administrations in the fields of management of the radio frequency spectrum and the various satellite orbits. The Department is responsible for BR text editing and publications, as well as promotion and membership. The Department is also responsible for human resources management for the BR, including the preparation of the operational plans, as well as provides organisational support for conferences and meetings.

#### Duties / Responsibilities

Under the supervision of the Head, Terrestrial Applications Software Division (TAS), the incumbent performs the following duties:

- Provides hands-on support for Application and Database development from configuration, gathering 'business' requirements, researching solutions, creating detailed functional specifications, and developing application architecture, data models, databases structures, application development, undertake integration testing, facilitate user acceptance testing, production deployment and support and training for internal and external users and documentation.
- Investigates reported system/application/module/database problems, conducts tests to isolate problems and root cause to resolve problems, implements workarounds as required and conducts further diagnostics and tests as necessary.
- Analyses client requirements and designs, tests, and implements new and/or improved/enhanced systems, applications, modules, and/or databases etc. as well as designs, develops and/or modifies work and software tools, standards, and templates, etc..
- Participates in projects and/or may lead components focusing on specific aspects, involved in the identification, development, testing, and implementation of changes/enhancements to processes, systems, and structures.
- Works with engineers and other Terrestrial Services Department (TSD) staff to assess ongoing and proposed work requirements to maintain and improve processing activities.
- Demonstrates continuous effort to improve practices, decrease turnaround times, streamline work processes and work cooperatively and jointly with others to provide quality seamless service for the Department.
- Keeps abreast of the latest technologies and software and contributes to the migration of legacy system components to the most modern technologies.
- Performs other duties as required: such as maintaining documentation relating to business processes, providing user training and participating in seminars etc..

#### Competencies

- **Core Competencies:** Applying Expertise; Effective Communication; Learning and Knowledge Sharing; Organizational Commitment; Results-Focused, and; Teamwork and Collaboration.
- **Essential Functional Competencies:** Analysis, Judgement and Decision Making; Planning and Organizing; Client and Service Orientation; Innovation and Facilitating Change; Networking and Building Partnerships; Successful Management, and; Leadership.
- **Essential Technical Competencies:** Knowledge of object oriented software development and good knowledge of the computer programming language C++; Experience using relational database technology with practical experience in database design and implementation and

transaction processing; Good knowledge and experience with Qt development framework (under C++) would be an asset; Knowledge of application design & development in an open source world (in particular, web applications and services) would be an asset; Experience with migrating legacy software components to modern technologies would be an asset; Ability to work both independently and in a team as well as with users for defining the software requirements; Ability and willingness to learn and stay up-to-date with new information technologies.

#### Qualifications required

##### Education:

Advanced university degree in systems/technology related field, engineering or science or a related field OR education from a reputed college of advanced education with a diploma of equivalent standard to that of an advanced university degree in one of the fields above. For internal candidates, a first university degree in one of the fields above in combination with seven years of qualifying experience may be accepted in lieu of an advanced university degree for promotion or rotation purposes.

##### Experience:

At least five years of progressively responsible experience primarily in software analysis, design, development and programming, in implementation of technical applications including at least two years at the international level. Experience in software development in the field of radiocommunication engineering applications would be an advantage. A Doctorate in a related field can be considered as a substitute for two years of working experience.

##### Languages:

Knowledge of one of the six official languages of the Union (Arabic, Chinese, English, French, Russian, Spanish) at advanced level and knowledge of a second official language at intermediate level. Knowledge of a third official language would be an advantage. (Under the provisions of Resolution No. 626 of the Council, a relaxation of the language requirements may be authorized in the case of candidates from developing countries: when candidates from such countries possess a thorough knowledge of one of the official languages of the Union, their applications may be taken into consideration.)

##### Additional Information:

##### **Salary:**

Total annual salary consists of a net annual salary (net of taxes and before medical insurance and pension fund deductions) in US dollars and a post adjustment (PA) (cost of living allowance). ## FME SAFETY GUIDELINES ON SCHOOL RE-OPENING

- Safe distancing procedures
- Develop and display at schools, simple context-specific reference protocols on day to day actions to be operated in each school.
- Conduct risk assessment with a view to understanding the gaps in the system that can increase the risk of transmission and make recommendations for addressing the gaps
- Safety and hygiene in all stages and phases of the school reopening process, which promotes behaviors that reduce spread, such as school commutes (to and from school traveling), safe distancing, frequent hand washing and the use of facemasks.
- Other guiding frameworks include sensitization and monitoring procedures.
- Ensure adequate Water, Sanitation and Hygiene (WASH) facilities across the school premises
- Encouraging the use of open spaces for gathering and promoting outdoor activities.
- There should be regular temperature checks For all the visitors coming into the schools using infrared thermometers.
- Establish a staff/students committee for regular surveillance, monitoring, and enforcement of COVID-19 guidelines.

STATUS/SCHEDULE OF RESUMPTION ACTIVITIES**

Further to the directives vide our Circular NUC/ES/138/Vol. 131, dated 18<sup>th</sup> September, 2020, with which Vice-Chancellors were requested to arrange for immediate resumption, I have been directed to obtain from respective Universities, the status and/or schedule of resumption of academic activities, including ongoing plans for reopening by Universities which are yet to do so.

I am also to request Universities to update the Commission through their written responses on or before Friday, 9<sup>th</sup> October, 2020, preparatory to the impending joint monitoring and verification visits. Subsequent to this, universities would be expected to send in periodic briefs to enable the Commission to assess the situation further and revert to the Federal Ministry of Education, as the need arises.

## **FRESH DIRECTIVES FOR THE SAFE RE-OPENING OF UNIVERSITIES FOR ACADEMIC ACTIVITIES DURING THE COVID-19 PANDEMIC**

Vice-Chancellors will please recall that vide Circulars Ref. NUC/ES/138/Vol.63/91 and NUC/ES/138/Vol.63/92 of Friday, 20<sup>th</sup> March, 2020, the National Universities Commission conveyed the directive of the Federal Ministry of Education (FME), for the closure of Higher Education institutions for a period of one month, effective from Monday, 23<sup>rd</sup> March, 2020. Subsequent to that, two joining Circulars Ref. NUC/ES/138/Vol.63/96 and FME/PSE/HE/1041/C.1/Vol.1/138 of 8<sup>th</sup> May, 2020, from the NUC and FME, respectively, reaffirmed the earlier decision for institutions to remain closed till further notice (please find enclosed again, copies of FME/NCDC/NUC guidelines).

Following the recent briefing by the Presidential Task Force Team on COVID-19, to the effect that significant decline in the reproduction number (R value) for COVID-19 has been recorded in the country, the Federal Ministry of Education has accepted the request of the National Universities Commission for universities to firm up arrangements towards the immediate resumption of academic activities subject to the following:

1. Universities must continue to adhere to the safety protocols and the Nigeria Centre for Disease Control (NCDC) guidelines which are very much in force. The decision to re-open institutions should not, in any way, diminish the importance attached to full compliance. The Virus is still potent and there is no cure as at yet;

2. Universities must under no circumstances, violate the full cycle of the semester system, consistent with the National Universities Commission (NUC) approved Benchmark Minimum Academic Standards (BMAS);
3. Universities are to also ensure strict compliance with other extant NUC quality assurance standards and guidelines;
4. A joint inspection team comprising staff of the National Universities Commission (NUC) and the Federal Ministry of Education (FME), will be undertaking verification visits to inspect the reopened universities and their level of compliance with Quality Assurance/Safety standards. The impending visits will involve on-the-spot inspection of physical facilities such as lecture theatres, classrooms, staff offices, laboratories, students' accommodation, emergency services/capability, healthcare and the deployment of non-pharmaceutical measures which are germane to your state of preparedness for the resumption of academic activities;
5. Universities will periodically keep the National Universities Commission updated on actions taken, in conformity with this directive.

Please, accept the renewed assurances of the Executive Secretary's highest regards for your usual cooperation and strict compliance.
