

We'll Reposition NUS in 2017

... Prof. Rasheed Outlines Focal Areas

The Executive Secretary, National Universities Commission (NUC), Professor Abubakar Adamu Rasheed, *nni, MFR*, has ushered in the year 2017 with a renewed commitment of the Commission to the development of the Nigerian University System (NUS) and consolidation of its achievements in the areas of Access and Quality.

In his new year message, the Executive Secretary particularly expressed profound appreciation to the President and Commander-in-Chief of the Armed Forces, Federal Republic of Nigeria, Muhammadu Buhari, *GCFR*, for giving him the opportunity to steer the affairs of the Commission from the 3rd of August, 2016, at the expiration of the 10- year tenure of the immediate-past Executive Secretary, Professor Julius A. Okojie, *OON*. The Executive Secretary also commended the Federal Government for again making education a top priority in the 2017 budget. He commended the private sector for its partnership

with the government, through its increased participation in university education, with the licencing of eight new institutions last year, bringing the total of private universities in the country to 68.

While applauding the achievements of his predecessors, Professor Rasheed said NUC would continue to build on its achievements by being innovative and creative in the discharge of its regulatory functions, urging universities to do the same. He

Prof. Rasheed and Deputy Executive Secretary I, Chiedu Mafiana during the Executive Secretary's maiden meeting with staff

assured all stakeholders that quality would continue to occupy the front burner in the Commission's activities and re-affirmed that universities were also expected to strengthen their internal quality assurance mechanisms by establishing a Directorate of Quality Assurance as a stand-alone, or alternatively a strong Quality Assurance Unit in the Directorate of Academic Planning.

On the activities lined up for the New Year, the Executive Secretary stated that the Commission would undertake a comprehensive review of the entire university curricula, the Benchmark Minimum Academic Standards (BMAS) and ranking of Nigerian Universities.

As announced after his meeting with Vice Chancellors of all Nigerian Universities last year, the two cardinal activities of NUC,

Accreditation of Programmes and Resource Verification, would be conducted in May and November for Accreditation as well as March, July and December for Resource Verification. The NUC, as directed by the Federal Government, would also undertake a comprehensive audit of all the projects undertaken in the 12 new Federal Universities in the country, to ensure

transparency and accountability in the management of public funds. On research, Professor Rasheed said that NUC would strengthen its Research Directorate, this year, to work with those of universities to coordinate their research activities and ensure relevance of their outputs. The Commission would also intensify its efforts by challenging universities to develop and implement an Institutional Research Policy and, as matter of urgency, establish a Research Administration Directorate, to be headed by an academic not below the rank of a Professor, with appropriate human and material resources to run an Office of Intellectual Property and Technology Transfer (OIPTT) or Office of Technology Commercialisation and Industry Relations (OTCIR).

In recognition of the importance of data for proper planning and administration, NUC had resolved

to revive, from this year, the Annual University Review Meeting (USARM), which was suspended in 2012. The Commission would also conduct Institutional Accreditation and commence the accreditation of part-time programmes.

On delivery mode, the Executive Secretary stated that the

Commission would continue to leverage on the use of Information and Communication Technology (ICT) to facilitate teaching, learning and research, while focusing more on student support services to ensure that university products are not only found worthy in character and learning, but also globally competitive.

With the development of the post-graduate BMAS, Professor Rasheed said, NUC would continue to carry out postgraduate accreditation exercises, following the new time tables. Under its Labour Market Observatory Project (LMOP), the Commission would also continue to extend the Labour Market Study to cover other sectors, especially the

Banking/Financial services, Communications, Oil and Gas as well as Non-oil sectors. He enjoined all stakeholders to continue to contribute meaningfully to the development of the NUS to take it to greater heights.

The year 2016 closed with the unprecedented mobilisation of about 260 Accreditation Panels, who visited about 500 programmes across 48 universities in the country. NUC Management had disclosed the exercise as part of its new thinking, during a meeting

with Vice Chancellors of all public and private universities, held in Abuja, in October, shortly after Professor Rasheed assumed office as Executive Secretary of the Commission. Another major decision taken at that meeting was the scrapping of sub-degree

diplomas in the NUS. Also major was the development of BMAS for Gender Studies in July, 2016, followed by those of Aeronautical

and Astronautical Engineering, in August as well as the drafting of the BMAS for Agricultural Extension and Software Engineering, a month

later.

Another major event of the Commission was the maiden NUC

Lecture Series titled, 'Global Rankings and the Nigerian Higher Education System', delivered by Emeritus Professor Ayo Banjo, on Friday, 2 December, 2016. Professor Rasheed was later to deliver the first Founders' Day Lecture of the University of Medical Sciences (UniMed), Ondo; titled, 'The University of Our Dreams', on Thursday, 9 December, 2016.

The month of November witnessed the licencing of eight private universities [Anchor **University**, Ayobo, Lagos; Arthur Jarvis

University, Akpabuyo, Calabar; Clifford **University**, Owerinta, Abia State; Coal City **University**, Enugu; Crown Hill **University**, Eiyenkorin, Kwara State; Dominican **University** and Kola Daisi **University** (both in Ibadan) and Legacy University, Okija, Anambra State]. Between March and November, 2016, NUC recognised four State Universities. These were the Edo University, Iyamho; Eastern Palm University, Ogboko, Imo State, University of Africa, Toru-Orua, Bayelsa State and Borno State University, Maiduguri, as the 41st, 42nd, 43rd and

44th State Universities in the country, respectively.

A good number of the 12 new Federal Universities held their maiden convocation during the year under review. They include the Federal Universities in Lafia, Oye - Ekiti, Kashere, Dutse, Katsina, Lokoja and Ndifu-Alike Ikwo. The year had opened with the appointment of Governing Councils and Vice Chancellors for the 12 universities as well as the National Open University of Nigeria (NOUN), back in February, 2016.

NATIONAL UNIVERSITIES COMMISSION IPSAS IMPLEMENTATION

Introduction:

The Federal Executives Council at its meeting held on 28th July 2010 approved that Nigeria should adopt the provisions of the International Financial Reporting Standards (IFRS) and International Public Sector Accounting Standards (IPSAS) for Private and Public Sectors respectively.

Consequently, the Federation Accounts Standards Allocation Committee (FAAC) at its meeting held on 13th June 2011 setup a Sub-Committee to provide a roadmap for the implementation of IPSAS in the three tiers of government in Nigeria.

The Roadmap to the adoption of IPSAS was phased as follows:

- Full Adoption of IPSAS Cash effective from 1st January, 2014.
- Adoption of IPSAS Accrual effective from 1st January 2016.

The National Universities Commission (NUC) has commenced the IPSAS implementation project that will enable a seamless adoption of the IPSAS accrual in the preparation and presentation of Financial Statements in line with the directives of Federation Accounts Allocation Committee (FAAC) Sub-Committee on implementation of IPSAS.

Implementation Approach:

NUC is partnering with Nexia Agbo Abel & Co, to adopt a phased implementation approach which shall focus on the following areas;

- Regulatory Compliance
- Technical Accounting & Reporting
- Knowledge & Resource Management
- Process, Technology & Infrastructure

Expected Benefits:

At the end of this implementation project, NUC's financial reporting is expected to be fully IPSAS accrual compliant in line with the directive. This will ensure greater level of transparency, accountability and consistency in financial reporting just like similar Public Sector Entities (PSE), high-quality financial statements based on globally acceptable standards and audit efficiency.

Implementation Committee

In line with the National Treasury Circular Ref. No. TRY/A5 & B5/2014 and OAGF/CAD/POL/C.0301/VOL. I/VOL.I of 23rd October 2014, the composition of the Commission's IPSAS Implementation Committee include:

Executive Secretary	Chairman
Director, Finance and Accounts	Vice-Chairman
Director, Management Support Services	Member
Head of Internal Audit	Member
Head of Information & Communication Technology	Member
Head of Treasury	Member
Head of Budget	Member
Head of IPSAS/Fixed assets	Member
Head of Procurement	Member
Head of Final Accounts	Member/Secretary

ADVERTORIAL CONFIRMATION OF APPROVAL OF THE NIGERIAN UNIVERSITIES e-LEARNING PROGRAMME

The general public is hereby informed that whereas the Commission maintains its stand that online degrees are not accepted in Nigeria at the moment, this does not include the approved Nigerian Universities e-Learning Programme run within the shores of Nigeria.

The Nigerian Universities e-Learning Programme is a legitimate and well thought out pilot e-learning initiative. It is a Public Private Partnership between the National Universities Commission (NUC), Park Associates E-Learning Group, and four federal universities. Its goal is to provide new opportunities for students to access university education in Nigeria.

The four Participating Universities are:

- i. University of Uyo;
- ii. National Open University of Nigeria;
- iii. Usmanu Danfodiyo University, Sokoto; and
- iv. University of Maiduguri.

Students enrolled in the Programme can select any of the following undergraduate degree programmes: Economics, Banking & Finance, Accounting, Business Administration and Marketing for which they have requisite qualifications. The Programme for now is only available for candidates who wish to obtain BSc Degree in Economics.

The Commission wishes to use this medium to allay all fears and doubts concerning the legitimacy or NUC endorsement of the Nigerian Universities e-Learning Programme. This is one of the avenues that the National Universities Commission is exploring to increase access to university education without compromising quality. Students in the Programme are therefore advised to continue to pursue their studies without fear and prospective applicants are encouraged to enrol. Concerned parents, guardians, students and the general public may contact the Commission for further clarification on the Programme under reference.

NATIONAL UNIVERSITIES COMMISSION

IMPLEMENTING STEPS FOR NEW MEDICAL SCHOOLS, ACCREDITATION ISSUES AND THE NEW MINIMUM BENCHMARK (2015) FOR THE MBBS/BDS PROGRAMMES

PROGRAMMES

Following several Stakeholders' meetings in the last two years and as a prelude to the formal release of the New Minimum Academic Benchmark (2015), proprietors of Medical and Dental Schools in Nigeria (both current and prospective) are requested to note the following implementing steps including relevant adjustments relating to accreditation of Medical/Dental Schools.

1. From 1st September 2015, both current and prospective proprietors of Medical and Dental Schools should:
 - a. Write a letter to the Executive Secretary stating their intent and provide relevant information as available.
 - b. On receipt, (if NUC has no obvious reasons to disqualify the application), they would be sent a copy of the BMAS for MBBS/BDS and advised firmly to ensure that they are strictly complied with.
 - c. The setting up of medical schools is not an emergency exercise. To this end, prospective proprietors must own and have in place (prior to a request for a Resource Verification), a fully functional and well run tertiary type hospital. In the circumstance of the above not being in place, consideration for an affiliation with a tertiary government-owned institution may be given only when the said university owns a medical institution fully functional with a minimum of 150 beds and a rural health medical unit. (See Appendix 4 of the BMAS).
 - d. A Pre-clinical Accreditation would be expected to take place within two years of a positive Resource Verification. Students can only sit for the second MBBS professional examination (Anatomy, Physiology and Biochemistry) when they have a successful preclinical accreditation. The preclinical accreditation would, amongst others, concentrate largely on the Department of Anatomy, Biochemistry, Physiology, Pathology and Pharmacology and to a lesser extent, Community Health. All evaluated departments must have the minimum requirements in terms of academic staff, non academic staff and laboratory facilities. (See Appendix 3 of the BMAS)
 - e. The Commission has now approved a Clinical Accreditation expected to take place within twelve months of a successful preclinical accreditation. Subsequent to that, a reaccreditation exercise will take place every five years.
2. With respect to established medical schools, (and irrespective of their accreditation status), it should be noted that

only institutions that (by the deadline of March 20th, 2016) have requested and obtained formal approval from the National Universities Commission for a re-evaluation based on the following considerations would be allowed to admit students into the MBBS/BDS programmes from the 2016/2017 academic year:

- a. All Medical and Dental schools must have an approved, and appropriately utilized, Clinical Skills/Simulation centre.
- b. Ensure strict adherence to the proper use of the course system for all approved programmes in Nigerian Universities. The implication of the above is that a particular programme (subject) is taught not only broken into cluster units of 1-4 but also have the components of university supervised examinations. For clarity, current end of posting examinations (practiced by some medical/dental schools) that neither have units allocated nor follow the standards of a University examination, do not conform to the Minimum Academic Standards as established by the National Universities Commission.
- c. Universities are strongly urged to immediately review their current methods of teaching medical and dental students to include more tutorials, self study group teaching, use of IT in the delivery of courses and simulation/competency based evaluations that must be signed by a lecturer not below the status of a senior lecturer. It must be noted that the confirmation of a successful simulation/competency based evaluation should be a mandatory requirement before the students are eligible to sit for the various professional/sessional examinations
3. Proprietors are urged to note the Essential Component changes of the new curriculum expected to be in use from the 2016/2017 academic session. Details of these changes are available in the New Minimum Academic standards booklet and at the National Universities Commission website. (www.nuc.edu.ng.) Major components include the following:
 - (a) The approval of three alternative models viz;
 - i. A seven year MBBS/BDS programme that encompass a mandatory seamless four-year acquisition of the B.Sc. (Basic Medical Science) with interest in either Anatomy/Physiology/Biochemistry. At the end of seven years, students would have acquired the Bachelor of Basic Medical Science, Bachelor of Medicine and Bachelor of Surgery degrees. In case of the dental programmes, the students would have acquired a degree in Basic Dental Science and Bachelor of Dental Surgery.
 - ii. In order to allow for career change for interested non-medical health professionals, the Commission has also approved a four year programme leading to MBBS/BDS for interested and qualified graduates of Nursing, Pharmacology, Physiotherapy, Image Science, Paramedics, Anatomy, Physiology, Biochemistry and Pharmacology. It must be noted for such to be considered for admission they must have at the WAEC/NECO levels minimum credit scores in Mathematics, English, Physics, Chemistry and Biology at one sitting, prior to the admissions for their first degrees. They must also have a good CGPA.
 - iii. Admission into universities based on the current six year programme would be allowed to continue as suitable alternative based on the discretion of the University.
 - iv. It should be noted and emphasized that all the above degrees have the Bachelor appellation as they remain undergraduate programmes.
 - (b) Specific periods of posting to the department of Family Medicine. The obvious implication here is that, the Universities should create the Department of Family Medicine following their due process.
 - (c) Redesignation of the Department of Pharmacology to the Department of Pharmacology and Therapeutics. The department is now expected to provide relevant basic clinical teaching and conduct relevant professional examination in Pharmacology. They will also be expected to provide relevant clinical teaching in Therapeutics. All Universities should set in motion the machinery to achieve the above.
4. In view of the above essential component changes of the new curriculum, the Commission will be organising a National training for Medical teachers in Nigerian Universities. Details of the training would be made available shortly.
5. Interested stakeholders are invited to send comments/suggestions on the above to: The Executive Secretary, NUC, rasheed3h@gmail.com and copy to chiedu.mafiana@gmail.com

GUIDELINES ON PART-TIME AND SANDWICH PROGRAMMES IN NIGERIAN UNIVERSITIES

Below are guidelines for conducting Part-time and Sandwich programmes in Nigerian universities. All universities currently operating Part-time programmes are expected to comply with the guidelines on programme by programme basis.

Consequently, universities still interested in running Part-time programmes are advised to forward fresh applications to the NUC on programme by programme basis.

This is, however, subject to the readiness of the university to comply with the following extant guidelines on part-time programmes:

1. The admission and graduation requirements, Staffing, Library and physical facilities requirements must be in line with the Benchmark Minimum Academic Standards (BMAS) for the various full-time academic programmes;
2. For a programme to be eligible to run on part-time basis, the approved full-time equivalent must be available in the university, must have earned full accreditation and must be run within approved campuses;
3. The enrolment into part-time programmes must not exceed 20% of total students' population in the programme;
4. The minimum duration of the part-time programmes must be 150% of the approved duration of the Full-Time equivalent;
5. Approval shall not be granted for part-time programmes in Environmental Sciences, Engineering/Technology, Law, Medicine/Medical Sciences, Pharmacy /Pharmaceutical Sciences, Dentistry; and Veterinary Science;
6. All admissions into part-time programmes must be through the Joint Admissions and Matriculation Board (JAMB). Part-time programmes must be run within approved campuses of universities where the human and material resources for the teaching of the programmes are domiciled, i.e. on the main campus of the university;
7. Part-time programmes shall be subjected to the NUC accreditation assessment upon maturity of the programme;
8. For any programme to be eligible for part-time mode, it must have produced two (2) sets of graduates and satisfied the Resource Verification Requirements.
9. Commencement of a part-time programme MUST be subject to NUC's approval. Approval of commencement of all parttime programmes must be obtained.

The National Universities Commission shall not hesitate to apply appropriate sanctions on any university which violates any of the stipulated Guidelines on Part-Time and Sandwich Programmes.

List of Universities with Approved Postgraduate Programmes

The National Universities Commission (NUC) has observed with great concern that some Nigerian universities are running unapproved postgraduate programmes, leading to the award of Masters and PhD degrees. The Commission has also observed that some Parastatals and Institutes are awarding these same Postgraduate degrees, either on their own or through unapproved affiliations with Nigerian and foreign Universities. Such practices are not only unethical, but also antithetical to time-tested quality assurance best practices. The qualifications/awards resulting therefrom are not recognized. The Commission hereby notifies the general public that only the following universities have approval to offer postgraduate programmes at the Masters' and Ph.D levels in Nigeria, as of 30th July, 2012:

Federal Universities :

1. Abubakar Tafawa Balewa University, Bauchi
