

FG Committed to Making Education Accessible to All Nigerians - Tinubu

President Bola Ahmed Tinubu, GCFR, has said that his administration would continue to commit resources to education to ensure that higher, quality and inclusive education was accessible to all Nigerians, irrespective of their status. He made this known while delivering his address at the Federal University of Lafia's combined 6th, 7th and 8th convocation ceremonies, held last week Saturday, at the University.

The President, who was represented by the Acting Executive Secretary of the National Universities Commission (NUC), Mr. Chris J. Maiyaki, stated that the Government was aware of the infrastructural deficits in the education sector, particularly in universities, saying that efforts were being made to surmount these challenges.

To this end, he said the Federal Government would ensure the full implementation of budgetary allocations to education in the 2024

fiscal budget.

The President declared that on the part of the universities and other tertiary institutions of

tripartite mandate of research, teaching and community service; championing demand-driven research, providing solutions to development challenges and

learning, there was an urgent need to imbibe strategies to respond to the ever-changing demands of modern-day world.

As citadels of learning and drivers of national development, he said universities should diligently implement their

inventing products that would serve the society in making human lives better and enriched.

The Visitor explained that Federal Government was aware that for universities to achieve their mandates, huge investment was needed, advising the universities

to evolve creative means of supplementing what they received as allocations and grants from the government. He added that beyond funding, the quality of education must meet the global standards, noting that it was important for the Nigerian University System (NUS) to adopt an all-embracing curriculum that was rich, globally compliant, and locally relevant and in tandem with 21st century demands, especially in the application of ICT, stressing that only then the System could produce sound graduates that would be marketable, globally competitive and relevant to effect meaningful change.

President Tinubu assured the Convocation that the Federal Government would give support, within the available resources, to every planned and sincere effort that was geared towards self-reliance and job-creation, saying that this was the hallmark of a buoyant economy. He said that an economy in which most of its young persons were self-employed was a prosperous economy.

He said, however that, all hands must be on deck to re-orientate Nigerian youths towards developing an entrepreneurial mindset, as this was vital to poverty reduction and wealth creation, saying that it was for this reason that Entrepreneurship studies was gradually taking centre-stage in the CCMAS curriculum, recently released by the NUC.

The Visitor charged the Federal University of Lafia as well as other Universities and indeed all higher institutions of learning in the country to actively promote the teaching and learning of entrepreneurial skills, thereby exposing the youths to the basics and rudiments of starting and sustaining their own businesses. To achieve these, he said there was a dire need for universities to build closer and better relationships with the industrial sector as this would help to bridge the gap between theory and practice, with a view to addressing some of the most important and urgent needs of the nation.

He felicitated with all graduating students, parents, guardians, well-wishers, and dignitaries on the Convocation Ceremony, wishing the graduands that the degree being conferred on them become their life-saving tool for the benefit of humanity and Nigeria.

He also felicitated with the Chancellor, His Royal Highness, the Emir of Mubi, Alhaji Dr. Abubakar Ahmadu

for his appointment as the Chancellor of the University and wished him good health and a successful tenure.

The President commended the Vice-Chancellor, Professor Shehu Abdul Rahman, all the Principal Officers, Management Staff, Members of Senate, Teaching and Non-teaching Staff for nurturing an academic culture that had produced the crop of eligible graduates that were celebrated at the ceremony.

Mr. Chris J. Maiyaki
The Acting Executive Secretary, NUC

In his address, the Chancellor of the university commended the graduands for their hard work which translated to being awarded with different certificates.

He congratulated the new graduates of the University who were awarded certificates for the completion of a journey they started some years ago. He stated that the event marked the beginning of another journey into the reality of their lives. He advised the graduands who had

earned various degrees; First Degrees, Post Graduate Diplomas, Master's degrees and Doctor of Philosophy Degrees to be good ambassadors of the institution.

The Chancellor noted that no success could be recorded in any higher institutions without the support of the management and staff. He congratulated them for their hard work which, according to him, had diligently produced the graduands, equipped them with the modern knowledge and skills for socio-economic development and indeed empowered them to start another phase of life's journey.

The Chancellor, who also commended the Federal Government for supporting the institution in numerous ways, acknowledged the contributions of Nasarawa State Government to the

development of the University from inception to date. He also acknowledged the contributions of individuals and groups who had help the institution in one way or the other to its present state of

development.

In his address, the Vice-Chancellor Professor Shehu Abdul Rahman said that the event was a special day in the history of Federal University of Lafia as it marked the third convocation ceremony of the institution since its establishment.

More importantly; it marked the institution's first convocation under his stewardship as the Vice-Chancellor. He stated that in the past three years of his stewardship, he had worked closely with all the stakeholders of the university to pursue and realize the purpose of its existence as an institution of higher learning.

Professor Abdul Rahman restated that Federal University of Lafia was established in 2011 to contribute to the much needed human capital development of the teeming populace of Nasarawa State and its environs, noting that it had, over the years, steadily grown and expanded.

He said his predecessors built a formidable foundation based on three values: Integrity, Innovation and Excellence, while his administration had been conscious and deliberate in nurturing, sustaining, and transcending the lofty legacies of the previous administrations, within the limits and prospects of opportunities available.

The Vice-Chancellor stated that

the University had contended with a number of peculiar systemic challenges principally arising from the disruptions associated with the Covid-19 and the protracted industrial actions by the university unions; in addition to the operational setbacks imposed on the university administration by the IPPIS.

His Royal Highness, Alhaji Dr. Abubakar Ahmadu
The Emir of Mubi and the Chancellor, FULAFIA

In spite of the obvious limitations and challenges, he said his administration had remained focused on making meaningful and sustainable impact in all ramifications of its responsibilities, mentioning some modest achievements to include Restoration of the disrupted academic calendar, having remedied all the backlogs arising from the exigencies of the Covid-19 and industrial strikes; expansion and diversification of the programme dossier of the university by creating additional faculties, departments, programmes, resource centres, and academic directorates (institutes and centres of training and consulting).

The VC highlighted others as the introduction and mainstreaming of e-learning modality in the programme offered by the university at both undergraduate and postgraduate levels; Reinvention of the Committee System model of university administration and governance; Reformation of the processes and procedures of staff promotion by making them more seamless and

transparent; Building, renovation, and commissioning of physical infrastructure and facilities as well as Increasing access to internet connectivity on the campus; Collaboration with critical stakeholders through MOUs; Building a vibrant and sustainable academic culture that has intensified research activities/output and which,

within three years resulted in the presentation of TEN (the Second to the Eleventh) inaugural lecture series and Providing agricultural extension services to the host communities, among others.

The total number of 6,499 were awarded different degrees from different faculties of the University with 50 graduating with first class honors.

Ukraine Sumy State University Officials Visit NUC

The Acting Executive Secretary of the National Universities Commission (NUC) Mr. Chris Maiyaki, last week Wednesday welcomed a delegation from Sumy State University, Ukraine, led by Dr. Tetyana Mayboroda, Deputy Head, and International Affairs Department of the institution, in his office.

Briefing the Executive Secretary on the mission for the visit, Dr. Mayboroda said that Sumy State University had a long standing history and experience as a major high education provider for Nigerian Citizens, as well as a sustainable partnership with Nigerian institutions in education project implementation. She said the TNE Guidelines developed by NUC provided an opportunity for Ukraine to consider participating in educational development for Nigeria.

To do that Sumy State University took this opportunity to initiate a proposal for developing a transnational agreement with Nigerian universities under NUC's approval.

Dr. Mayboroda stressed that, considering the importance of adhering to the guidelines on Transnational Education (TNE) in Nigeria; she would like to highlight some of the models considered as most appropriate for Ukraine- Nigerian partnerships and which would align with the concepts and scope of TNE.

She mentioned model 2 which is Twinning and Articulation, the model has to do with Joint Degree Option and Parallel Degree Option, as well as Model

to the special demands and needs of Nigeria for qualified Doctors and Nurses, the University also proposed partnership for a Master's degree in Medicine

5, the Open and Distance Learning (ODL). She explained that, with the two models, Sumy State University could ensure the provision of very high standard modern of e- learning and distance Learning technologies as well as platforms during the studying process.

The leader of the delegation stated that, under the TNE partnership, Sumy State University would offer Bachelor's and Master's Programmes in Business, Economics and Management, Marketing, International Relations, Project Management, Computer Science, Environmental Protection Technologies, Journalism, among others. She said that, due

(Doctor of Medicine, 6 years of studies) and a Bachelor's degree in Nursing (4 years of studies)

She said that in all the aforementioned areas and disciplines, Sumy State University could provide high international standards of curriculum, course syllabus, teaching methods and methodology, which would enlighten and strengthen academic capacity in Nigeria and boost collaboration in research exchange and other activities.

She informed the Executive Secretary that Sumy State University strongly believed in the importance of transparent partnership under the TNE in Nigeria guidelines, and hoped that

the University's proposal and intentions in establishing such transnational cooperation with Nigerian universities would be given the necessary support. She assured the NUC management that such educational projects would be mutually beneficial to Ukraine and Nigeria, in providing quality education, under international standards and recognized certification.

Responding, the Executive Secretary of NUC warmly welcomed the delegation to the Commission and gave a brief historical background of NUC which has more than 270 universities in Nigeria today, with 61 Federal, 63 State and 146 private universities. He stated that the Commission had launched the framework and guidelines for transnational

education, saying that the document was put together for the first time as a holistic document.

He said that the document provided a guideline for all interested players in Nigeria's higher education sector and enabled Nigerian universities to leverage on the vast potential of TNE, as well as the challenges of properly operationalizing it.

Mr. Maiyaki and Dr. Mayboroda (5th and 6th left), with the Sumy State University, Ukraine delegation and some members of NUC Management

Mr. Maiyaki said that while the Commission was disposed to opening the Nigerian space and thus aligned with the realities of the 21st century and global best practices in relation to transnational education, the TNE framework would provide clear regulatory guidelines that would govern the operation of each model of TNE for the benefit of the nation.

He assured that the risks of inviting foreign partners would be minimized using TNE Guidelines as an operational document.

The Executive Secretary expressed happiness that the delegation was in NUC to see where they could explore and partner with the Nigerian universities' sole regulatory body. He promised that the Commission would give them hundred percent technical support, so as to bring the partnership and collaboration to fruition.

Other members of Sumy State University's delegation included Olena Nedryhailo, Ukrainian

Chamber of Commerce and Industry, Dr. Angela Adamu and Mr. Shitu M. Kabir.

The NUC Team included Alh. Haruna Lawal Ajo, Ag. Director, Directorate of Public Affairs (DPA), Engr. Abraham Chundusu, Ag. Director, Directorate of Accreditation (DA); Dr. Chinyere Ikechukwu, Deputy Director, DESO, as well as Dr. Abubakar Tanko, Head of Special Duties.

NUC Welcomes Nigeria-Portugal Exchange Programme

The Ag. Executive Secretary, National Universities Commission (NUC), Mr. Chris J. Maiyaki last Wednesday, welcomed a team of the Portugal-Nigeria Business Trade Investment (PNBTI), led by the founder, Stephenie Coker Rank, in his office.

The Acting Executive Secretary gave a rundown of the history of the Commission, its evolution, growth, development and challenges. He stated that the Commission started in 1962 as an advisory unit in the cabinet office.

The NUC as a creation of the Federal Government as a parastatal under the Federal Ministry of Education. Over the years, the Commission had transformed from a small office in the cabinet office to an important arm of government in the area of

development and management of university education in Nigeria.

He enumerated the functions of NUC to include: granting approval for all higher

educational institutions, offering degree programmes in Nigeria and ensuring quality of all academic programmes offered in Nigerian Universities.

The Executive Secretary said that

The meeting of the Acting Executive Secretary, NUC with the PNBTI team in session

the interest of the team in education was very welcoming and important, stressing that education brought opportunities to people and no matter what we did as humans, life would always gravitate to education because it remained the bedrock of development, exposure and

civilization. He stressed that university education was a globalized enterprise. The world was in need of people who were culturally educated and research oriented with the capacity to proffer solutions to problems that plagued the universe and mankind.

He explained that NUC was excited and ready to collaborate with Portugal, especially in the areas of education, high mobility, student staff exchange as well as research. He noted that the Commission was into a good number of partnerships with relevant stakeholders such as the

The NUC scribe assured the visitors that NUC was ready to explore any area of benefit to Nigerian students in higher institutions of Learning. The Commission was also ready to strengthen University graduates through the new modified curriculum and deepen research culture, being the heart of the university, stressing that the higher institutions must be able to proffer solutions to problems.

In her address, the founder of PNBTI Stephenie Coker Rank said

that the forum served as a platform for distinguished business leaders, policy makers and knowledge partners, to engage in discussions centered around collaborative strategies for business and investment opportunities, capacity at strengthening the bilateral relationship between Portugal and Nigeria, while fostering mutual growth between the two nations.

She explained that there was immense potential for collaborations in education, exchange programmes and joint research projects. He said that students' mobility initiatives could also foster a global outlook for Nigerian and Portuguese students. She said that sharing expertise in specific field and promoting partnerships between universities could enhance educational standards

and innovation.

The Portuguese Team included the Country Coordinator, Halima Ibrahim and other officer, Al-Amin Abdulkareem.

The NUC attendance included the Ag. Director, Directorate of Public Affairs (DPA); Alh. Haruna Lawal Ajo, Directorate of Research, Innovation and Information Technology (DRIIT), Mal. FUTA VC Advocates Quality Education for Women

The Vice-Chancellor, University of Technology, Akure, Ondo State, Professor Adenike Oladiji, has called on the stakeholders to ensure women have quality education for the development of the country.

She noted that the women who had access to quality education were better equipped to make informed decisions about their lives, pursue meaningful careers, and contribute actively to their communities.

Professor Oladiji stated this in a keynote address at the annual public lecture of the Precision Online Newspaper, held in Akure, last week Sunday. The lecture was themed, ‘Promoting women’s rights to quality education and healthcare.’

According to the FUTA VC, a well-educated woman would be able to challenge societal norms, break gender stereotypes, and participate in the socio-economic and political spheres. She added that such a woman would be able to invest in the education of their children, breaking the cycle of intergenerational poverty and ignorance.

Professor Oladiji said, “Promoting women’s rights to quality education and healthcare is not only a matter of justice but a prerequisite for sustainable

development and societal progress.

The synergistic relationship between education and healthcare forms the foundation for women’s

relent in this regard. He said, “I stand before you today to reinforce the need for us as stakeholders, educators, leaders of thoughts, religious leaders to champion the cause to empower our women. It is our believe at

empowerment thereby enabling them to lead healthy, fulfilled lives and contribute meaningfully to their communities.”

“By addressing the challenges in these spheres, societies can unlock the full potential of their population, fostering a more equitable and prosperous world for everyone.”

In his remarks, the publisher, Precision Online Newspaper, Mr. Hakeem Adebumiti, stressed the importance of women’s education and empowerment. He said the online newspaper would not

Precision Online Newspaper, that for us to get the best out of our society, we must empower the girl child and by extension our women.”

“There are a thousand reasons for us to be worried. The out-of-school children population in the world, out of which Nigeria shares a substantial figure, stood at 20 million as of September 2022. It is easy to conclude that the 20 million figure announced by UNESCO then would be mostly girls. This alone should create fear in our minds.” He concluded.

NATIONAL UNIVERSITIES COMMISSION, ABUJA

RE: ABOUT 100 FAKE PROFESSORS JUST UNCOVERED IN NIGERIAN UNIVERSITIES – NUC A REBUTTAL

The attention of the National Universities Commission (NUC) has been drawn to news items, circulating on the social media, some national dailies and television stations, to the effect that the Commission has just “discovered over 100 fake Professors in Nigerian Universities”. The NUC wishes to deny these media reports categorically and unequivocally. They are fake, untrue and a figment of the imagination of the author(s), all happening at an unsuitable time, when the nation is awaiting the outcome of the investigation into the fake certificate saga from universities in some neighbouring countries. The Commission therefore finds this development as unfair to all stakeholders.

Specifically, the fake news items have been circulating in two forms – (i) as a link to a 2019 online news item; and (ii) as a separate list of names of the alleged fake Professors in various Nigerian Universities, which was not the case. We consider these unfounded publications as ill-conceived and a ploy by unscrupulous persons to create in plausible a tone, disquiet, panic and provoking outcries at both the national and international levels.

For the avoidance of doubt, the Commission can confirm that it initiated in 2019 a laudable project, with the intent of compiling and publishing a list of full Professors in the Nigerian Universities System (NUS) through the use of an online portal to collate the requisite data. During the exercise, the NUC found anomalies, such as Associate Professors being listed as full Professors. It is essential to also state clearly that the Commission as a responsible Federal Government Agency, does not engage in half-baked exercises capable of tarnishing the image of Nigeria and the NUS. That was why the Commission deemed it necessary to share the collated data with the Nigerian Universities for the purpose of authentication by the competent authorities as to who qualifies to be a full professor. Based on the verified data, the Commission then in a landmark accomplishment, first published the list of full Professors who participated in the exercise in 2019. It was understood that this

would be succeeded by a continuous process of updating the list of full Professors. It is important to state at this point that all the issues pertaining to the 2019 verification of full Professors in Nigerian Universities were concluded in 2019. Since then, the Commission has entrenched a more reliable system of generating the list of full Professors in the NUS. The Commission is also conscious of the fact that some of the academics not captured in the 2019 exercise may now have matured and progressed to become full Professors; this being the reason why it continuously updates the list of full Professors in the NUS.

The National Universities Commission questions the rationale behind recycling this stale 2019 news of an activity it initiated, conducted and laid to rest in the same year. The purpose and objective of resurrecting in 2024 (more than 4 years later) this-no-longer-fresh news, is clearly intended to generate unnecessary controversy at an unsuitable time, whilst lacing it with a false list of fake Professors.

The National Universities Commission owes it a solemn duty to protect and guard the integrity of the many hardworking and committed academics in the NUS, who have earned national and international respect and recognition. Therefore, the Commission has been saddled with the vital and strategic responsibility by its enabling laws, to uphold the sanctity of quality in all aspects of our University Education delivery.

The Commission wishes to use this medium to advise Government officials at all levels, members of the NUS, the international community, and the public, to please disregard these items of fake and stale news which have long been laid to rest in 2019. All information concerning the role of the NUC in the regulation of the NUS can be found on our official website www.nuc.edu.ng. Further enquiries can also be made via the Commission's official email address: info@nuc.edu.ng

Please be assured of our highest considerations, at all times and best wishes for a much more fulfilling and prosperous 2024.

Signed.

Press Release

**SUSPENSION OF EVALUATION AND ACCREDITATION OF
DEGREE CERTIFICATES FROM THE BENIN AND TOGO
REPUBLICS.**

The attention of the Federal Ministry of Education has been drawn to the commendable work of investigative journalism that led to the publication by the Daily Nigerian Newspaper dated 30th December 2023 titled "UNDERCOVER: How DAILY NIGERIAN reporter bagged Cotonou varsity degree in 6 weeks, participated in NYSC scheme". This was also carried in various social media.

2. This report lends credence to suspicions that some Nigerians deploy nefarious means and unconscionable methods to get a Degree with the end objective of getting graduate job opportunities for which they are not qualified.

3. The Federal Ministry of Education vehemently decries such acts and with effect from 2nd January 2024 is suspending evaluation and accreditation of degree certificates from Benin and Togo Republics pending the outcome of an investigation that would involve the Ministry of Foreign Affairs of Nigeria and the two countries, the ministries responsible for Education in the two countries as well the Department of State Security Services (DSSS), and the National Youths Service Corps (NYSC). The Ministry therefore wish to call on the General Public to support its efforts, show understanding and provide useful information that will assist the Committee in finding lasting solutions in order to prevent further occurrence.

4. The Ministry has also commenced internal administrative processes to determine the culpability or otherwise of her staff for which applicable Public Service Rules would be applied.

5. The issue of degree mills institutions, i.e institutions that exist on paper or operate in clandestine manner outside the control of regulators is a global problem that all countries grapple with. FME has been contending with the problem including illegal institutions located abroad or at home preying on unsuspecting, innocent Nigerians and some desperate Nigerians who deliberately patronize such outlets. Periodically, warnings have been issued by the Ministry and NUC against the resort to such institutions and in some instances, reports made to security agencies to clamp down on the perpetrators. The ministry will continue to review its strategy to plug any loopholes, processes and procedures and deal decisively with any conniving officials.

6. The Ministry had always adopted the global standard for evaluation and accreditation of certificates of all forms which relies on receipt of the list of accredited courses and schools in all countries of the World.

7. The Ministry wishes to assure Nigerians and the general public that, it is already putting in place mechanisms to sanitise the education sector, including dissuading the quest for degree certificates (locally or from foreign countries) through a re-invigorated focus on inclusivity: reliance on all skill sets as directed by President Bola Ahmed Tinubu GCFR.

8. The Federal Ministry of Education is committed to collaborating with stakeholders, including civil society organizations, to consistently enhance the Nigerian education system and we value the public's understanding and patience as we strive to address these issues.

9. The Federal Ministry of Education wishes all Nigerians a happy new year. A year in which we would all work together to strengthen our education sector.
