best intellectuals, administrators, innovators and doers in the arts and sciences.

The Vice-President, Alhaji Kashim Shettima, GCON, disclosed this, recently, during the official Commissioning of the Centre of Excellence building provided by the Central Bank of Nigeria.

Represented by the Special Adviser to the President on Economic Matters, in the office of the Vice-President, Dr. Tope Fashua, the VP said Bayero University, Kano, which was established in 1975, had matured to become in herself, a centre of academic excellence in Nigeria and even globally, producing some of the world's best intellectuals.

Prof. Sagir Adamu Abbas
Vice-Chancellor, BUK

“ This continuous achievement is reminiscent of the legacy of the great city of Kano itself – known among its people as Tumbin Giwa, the belly of an elephant – where any and everything could be found, and where everybody finds their place and purchase.”

“ Gratitude should be extended to the Central Bank of Nigeria,

for this initiative, and cognizance must be made of these kinds of interventions that add to the positive metamorphosis of our nation, and especially our educational sector.”

He said the Nation had passed through dire straits in the last 17 years since the onset of the global financial crisis that saw the demise of large financial institutions like Lehman Brothers, Bear Stearns, and hundreds of others between 2008 and 2012.

“This era also set Nigeria's banking sector back considerably even though we managed to avert the worst consequences.” He added that the Central Bank of Nigeria's Centres of Excellence was

In his remark, the Vice-Chancellor of Bayero University Kano, Professor Sagir Adamu Abbas said the two gigantic structures would play a vital role in enhancing academic excellence at the University.

“These two important buildings are very important to the University because an academic environment like this is supposed to have something like this which will certainly improve the quality of teaching and learning in the University.

“And it would reduce the burden of shuttling around from hotels to the academic environment for academic

activities”, he stated.

Professor Sagir Adamu Abbas applauded the efforts of the Federal Government and the CBN for constructing and handing over the two structures.

Highlights of the event included a physical inspection of the two projects that were handed over to the University.

World Bank Asks FG to Invest More in Education

The Representative of World Bank, Mr. Dilip Parajuli, has pleaded with the Federal and State Governments to put in more funds for the investment in the education sector, especially at the basic level to help tackle the menace of out-of-school children in the country.

Mr. Parajuli, who stated this during the official launch of the newly established National Commission for Almajiri and Out-of-school Children Education office in Abuja recently, said putting in money became critical going forward for the next 10 to 20 years.

He said: “We plead to the states to please use the money efficiently, transparently in an accountable manner, that’s also important.”

While noting that out of 52 million children, 40 million of them cannot read at age of 10 and this was reflecting the latest learning crisis, he said, “We are very proud of supporting 17 focus states in the north and a result of that we supported five million Almajiri kids to get opportunity for formal education but that results have to be sustained going forward.”

Speaking at the event, the

Honourable Minister of Education, Professor Tahir Mamman said it was time for action and implementation as

are heading and it is not only this commission who is involved in the handling of out-of-school children, there are

the talking time was over.

“It is our plan that by the end of the year or along the way, the mileages will be obvious and clear to the direction we

three other commissions that have some responsibilities and what we want to do is some coordination to ensure that there is no wastage and high waste bureaucracy,” he said.

Dilip Parajuli
The Representative of World Bank

“Like I always said, we plan too long and we talk too long with very little results in critical areas particularly in the areas of education and more so is at the area of basic education, so this is the time for us to face squarely and forcefully this monster which is causing problems everywhere,” he said.

Earlier, the Executive

Dr. Yusuf Tanko Sununu
Honourable Minister of State for Education

Secretary of the Commission, Dr Sha'aban Ibrahim Sharada, said that the commission was dedicated for action on the reduction of the high number of out of school children and the integration of Quranic and Isangaya education.

“With the opening of this headquarters, we stand as a symbol of hope, a beacon of opportunity for millions who have been denied their right to access to education. President Tinubu’s Renewed Hope was to return 10 million out-of-school children back to school by 2027, but said it is a challenge we did not only accept, but embraced with dogged determination,” he said.

He, however, said, the road ahead might be long, but the destination was clear in Nigeria where every child, regardless of circumstance, had the chance to learn to grow and to contribute to the

Nation’s progress.

NATIONAL UNIVERSITIES COMMISSION, ABUJA

RE: ABOUT 100 FAKE PROFESSORS JUST UNCOVERED IN NIGERIAN UNIVERSITIES – NUC A REBUTTAL

The attention of the National Universities Commission (NUC) has been drawn to news items, circulating on the social media, some national dailies and television stations, to the effect that the Commission has just “discovered over 100 fake Professors in Nigerian Universities”. The NUC wishes to deny these media reports categorically and unequivocally. They are fake, untrue and a figment of the imagination of the author(s), all happening at an unsuitable time, when the nation is awaiting the outcome of the investigation into the fake certificate saga from universities in some neighbouring countries. The Commission therefore finds this development as unfair to all stakeholders.

Specifically, the fake news items have been circulating in two forms – (i) as a link to a 2019 online news item; and (ii) as a separate list of names of the alleged fake Professors in various Nigerian Universities, which was not the case. We consider these unfounded publications as ill-conceived and a ploy by unscrupulous persons to create in plausible a tone, disquiet, panic and provoking outcries at both the national and international levels.

For the avoidance of doubt, the Commission can confirm that it initiated in 2019 a laudable project, with the intent of compiling and publishing a list of full Professors in the Nigerian Universities System (NUS) through the use of an online portal to collate the requisite data. During the exercise, the NUC found anomalies, such as Associate Professors being listed as full Professors. It is essential to also state clearly that the Commission as a responsible Federal Government Agency, does not engage in half-baked exercises capable of tarnishing the image of Nigeria and the NUS. That was why the Commission deemed it necessary to share the collated data with the Nigerian Universities for the purpose of authentication by the competent authorities as to who qualifies to be a full professor. Based on the verified data, the Commission then in a landmark accomplishment, first published the list of full Professors who participated in the exercise in 2019. It was understood that this

would be succeeded by a continuous process of updating the list of full Professors. It is important to state at this point that all the issues pertaining to the 2019 verification of full Professors in Nigerian Universities were concluded in 2019. Since then, the Commission has entrenched a more reliable system of generating the list of full Professors in the NUS. The Commission is also conscious of the fact that some of the academics not captured in the 2019 exercise may now have matured and progressed to become full Professors; this being the reason why it continuously updates the list of full Professors in the NUS.

The National Universities Commission questions the rationale behind recycling this stale 2019 news of an activity it initiated, conducted and laid to rest in the same year. The purpose and objective of resurrecting in 2024 (more than 4 years later) this-no-longer-fresh news, is clearly intended to generate unnecessary controversy at an unsuitable time, whilst lacing it with a false list of fake Professors.

The National Universities Commission owes it a solemn duty to protect and guard the integrity of the many hardworking and committed academics in the NUS, who have earned national and international respect and recognition. Therefore, the Commission has been saddled with the vital and strategic responsibility by its enabling laws, to uphold the sanctity of quality in all aspects of our University Education delivery.

The Commission wishes to use this medium to advise Government officials at all levels, members of the NUS, the international community, and the public, to please disregard these items of fake and stale news which have long been laid to rest in 2019. All information concerning the role of the NUC in the regulation of the NUS can be found on our official website www.nuc.edu.ng. Further enquiries can also be made via the Commission's official email address: info@nuc.edu.ng

Please be assured of our highest considerations, at all times and best wishes for a much more fulfilling and prosperous 2024.

Signed.

Chris J. Maiyaki

Press Release

SUSPENSION OF EVALUATION AND ACCREDITATION OF DEGREE CERTIFICATES FROM THE BENIN AND TOGO REPUBLICS.

The attention of the Federal Ministry of Education has been drawn to the commendable work of investigative journalism that led to the publication by the Daily Nigerian Newspaper dated 30th December 2023 titled "UNDERCOVER: How DAILY NIGERIAN reporter bagged Cotonou varsity degree in 6 weeks, participated in NYSC scheme". This was also carried in various social media.

2. This report lends credence to suspicions that some Nigerians deploy nefarious means and unconscionable methods to get a Degree with the end objective of getting graduate job opportunities for which they are not qualified.

3. The Federal Ministry of Education vehemently decries such acts and with effect from 2nd January 2024 is suspending evaluation and accreditation of degree certificates from Benin and Togo Republics pending the outcome of an investigation that would involve the Ministry of Foreign Affairs of Nigeria and the two countries, the ministries responsible for Education in the two countries as well the Department of State Security Services (DSSS), and the National Youths Service Corps (NYSC). The Ministry therefore wish to call on the General Public to support its efforts, show understanding and provide useful information that will assist the Committee in finding lasting solutions in order to prevent further occurrence.

4. The Ministry has also commenced internal administrative processes to determine the culpability or otherwise of her staff for which applicable Public Service Rules would be applied.

5. The issue of degree mills institutions, i.e institutions that exist on paper or operate in clandestine manner outside the control of regulators is a global problem that all countries grapple with. FME has been contending with the problem including illegal institutions located abroad or at home preying on unsuspecting, innocent Nigerians and some desperate Nigerians who deliberately patronize such outlets. Periodically, warnings have been issued by the Ministry and NUC against the resort to such institutions and in some instances, reports made to security agencies to clamp down on the perpetrators. The ministry will continue to review its strategy to plug any loopholes, processes and procedures and deal decisively with any conniving officials.

6. The Ministry had always adopted the global standard for evaluation and accreditation of certificates of all forms which relies on receipt of the list of accredited courses and schools in all countries of the World.

7. The Ministry wishes to assure Nigerians and the general public that, it is already putting in place mechanisms to sanitise the education sector, including dissuading the quest for degree certificates (locally or from foreign countries) through a re-invigorated focus on inclusivity: reliance on all skill sets as directed by President Bola Ahmed Tinubu GCFR.

8. The Federal Ministry of Education is committed to collaborating with stakeholders, including civil society organizations, to consistently enhance the Nigerian education system and we value the public's understanding and patience as we strive to address these issues.

9. The Federal Ministry of Education wishes all Nigerians a happy new year. A year in which we would all work together to strengthen our education sector.
